UNITED COPPER INDUSTRIES

PREMIUM QUALITY

United Copper Industries – Employment Opportunity
We recognize that people are a valuable asset of United Copper Industries. Both the products we make and the services we provide depend on the abilities and effectiveness of every employee.

United Copper Industries offers a competitive salary, a safe/drug free work place and an excellent benefit package including medical, dental, prescription drug and 401K.

If you are looking for a career, we invite you to explore our employment opportunities.
It is United Copper Industries' policy to provide equal opportunity for all qualified persons, regardless of race, religion, color, sex, age, national origin, marital status or disability.

This policy extends to all United Copper Industries' employees and prohibits unlawful discrimination in employment practices, compensation practices, personnel procedures, and the administration of benefit plans and to all other aspects of the employment relationship.
